

Re-Entry Fair at Racine Youthful Offender Correctional Facility

The Department of Correction's reentry initiative means that we engage offenders as early as possible and challenge them, motivate them, and encourage them to change. Effective offender reentry includes quality risk assessment and strong supervision practices proportionate to the level of risk to the public safety.

One of our goals is to provide incarcerated men with the resources they need upon release to be successful in the community. We appreciate your assistance in making this goal a reality.
